

**VativoRx BLENDS INNOVATIVE TECHNOLOGY
WITH SOUND BUSINESS STRATEGIES TO
DELIVER PROCESS ENHANCEMENTS AND
REAL HEALTHCARE SAVINGS**

VativoRx

VativoRx is a full-service, innovative, leading solutions provider in Pharmacy Benefit Management. Specializing in the delivery, affordability, and clinical management of prescription medications, VativoRx delivers the same rich slate of programs and benefits to employers, third-party administrators, brokers, managed care plans, government, hospice, and Medicare Part D.

THE VativoRx DIFFERENCE

VativoRx blends innovative technology with sound business strategies to deliver process enhancements and real healthcare savings. We take a holistic approach to managing the healthcare spend, including aggressive rebate management solutions, a drug manufacturer assistance program, real-time access to claims detail and reporting, and flexible, transparent pricing. We maintain a national network of more than 65,000 pharmacies and offer efficient prescription mailing options. VativoRx Specialty pharmacists actively participate in the supervision of each patient's medication regimen by monitoring for potential adverse effects, including drug-drug and drug-food interaction. Our pharmacists work to ensure the highest standards of drug efficacy, including chronic disease management and long-term care.

PHARMACY BENEFIT MANAGEMENT

VatavoRx is a full-service provider of pharmacy benefit management. We serve middle-market companies, third party administrators, hospice organizations, small and large employer groups, government, and HMOs with pharmacy benefit management that is custom-designed to address the unique needs and goals of each organization and its members.

More than just a benefits processor, VatavoRx designs and manages prescription benefit programs that deliver cost savings to your organization and your members on formulary and non-formulary drugs. These programs accommodate patients with advanced formulary and distribution options, and deliver services through technologically superior systems.

Our promise: a blend of fiduciary responsibility and sensitivity to your members' comfort and concerns for a powerful impact on your drug prescription program.

VRx CONNECT

VRx Connect is the VatavoRx proprietary claims management system, providing secure, real-time, 24/7 access to prescription transaction information and powerful management reports via the internet. With systemwide scale, our technology is built to meet our clients' changing needs while working to modernize the healthcare system.

Your dedicated VatavoRx account management team works with you to identify the most useful reports for your business and creates them for you as needed and upon request. Our sophisticated technological capabilities enable us to deliver custom clinical reporting, custom management reports, statistical analysis and more.

REBATE MANAGEMENT

More than half of specialty drugs are administered by physicians. There are 108 injectable medications that currently offer rebates, seldom captured by eligible organizations. Physician-administered drugs are usually paid under major medical, not under pharmacy benefits. VatavoRx Rebate Management is an aggressive, proactive program that captures rebates that used to fall through the cracks, negotiating and delivering rebates that serve to substantially improve your organization's financial performance.

VatavoRx is a full-service, innovative, leading solutions provider in Pharmacy Benefit Management. Specializing in the delivery, affordability, and clinical management of prescription medications, VatavoRx delivers the same rich slate of programs and benefits across all lines of business including:

- EMPLOYER, THIRD PARTY ADMINISTRATOR, BROKER
- MANAGED CARE PLANS
- GOVERNMENT, HOSPICE, MEDICARE PART D
